

This will be a short newsletter as a follow-up to our January/February issue - not because February is the shortest month of the year, but because we have new subscribers and to be truthful, we'd miss reaching out to you if we didn't send out our monthly hello!

What's new this month?

Are you a "foodie"? Do you like to cook and explore different cuisine? We've got a world of national cuisine, including recipes, right at your fingertips with our A to Z World Food database.

If you like to travel, you'll want to check out our new database - free to access anywhere with your library card. Select a city and this service will provide you with all the current information that you'd find in any travel guide!

Check out both these databases on our website from the *Special Services Page* and remember all you need is your 6 digit library card to access!

Our March Break Calendar will be available very soon. It will be posted on our website and you can pick up flyers at the library. Registration will begin on **February 15th**.

There are still a few spaces for our Sunday February 25th screening of *Churchill - the untold story of D-Day*. Please register on line or call the library 613-623-2279 to register. Doors open at 12:30. The movie begins at 1pm. Admission is free. Donations are welcome.

We had capacity crowds for our January Film Screenings. Thanks to all who attended *Victoria and Abdu!* mid month - and *Loving Vincent* on January 28th where we were thrilled to be joined by the delightful Valerie Fulford - the only Canadian artist to have made the cut and work on the Academy Award nominated film. Keep your fingers crossed for an Oscar win!

Valerie in her Greek studio working with the other international artists.

Our second Art 101 session is well underway. Remember you can add your name to the list for our spring art program with artist in residence Ian Bartlett. Dates will be finalized soon.

Did you know, we have received our new family passes to the Science and Technology Museum? The Ingenium Pass also covers the Aviation Museum and Museum of Agriculture in Ottawa. We also have passes to the Museum of Nature, Museum of History, National Gallery and more!

We still have some "mystery book selections" from our fiction, non fiction and juvenile collections. We only offer the first line...Check them out!

Everyone is welcome to attend our weekly What-knots meetings. 10am in front of the fireplace. Bring your handicraft and let's talk books & more!

Remember to stop by on Valentine's Day for a special treat when you come to the desk with your "sweet read"!

REMINDER: The library will be closed on Monday February 19th for Family Day.

Follow us on Twitter and Facebook for all the latest updates!
